266 Qualified Seller Leads in 30 Days

Built Through a Structured 6-Seat Outbound Seller Lead Generation System

HBS – Managed Outbound Infrastructure

Outbound Without Structure Fails

Random Dialing

No targeting strategy or prioritization

No Qualification Control

Leads passed without vetting or criteria

No KPI Supervision

Performance goes untracked and unmanaged

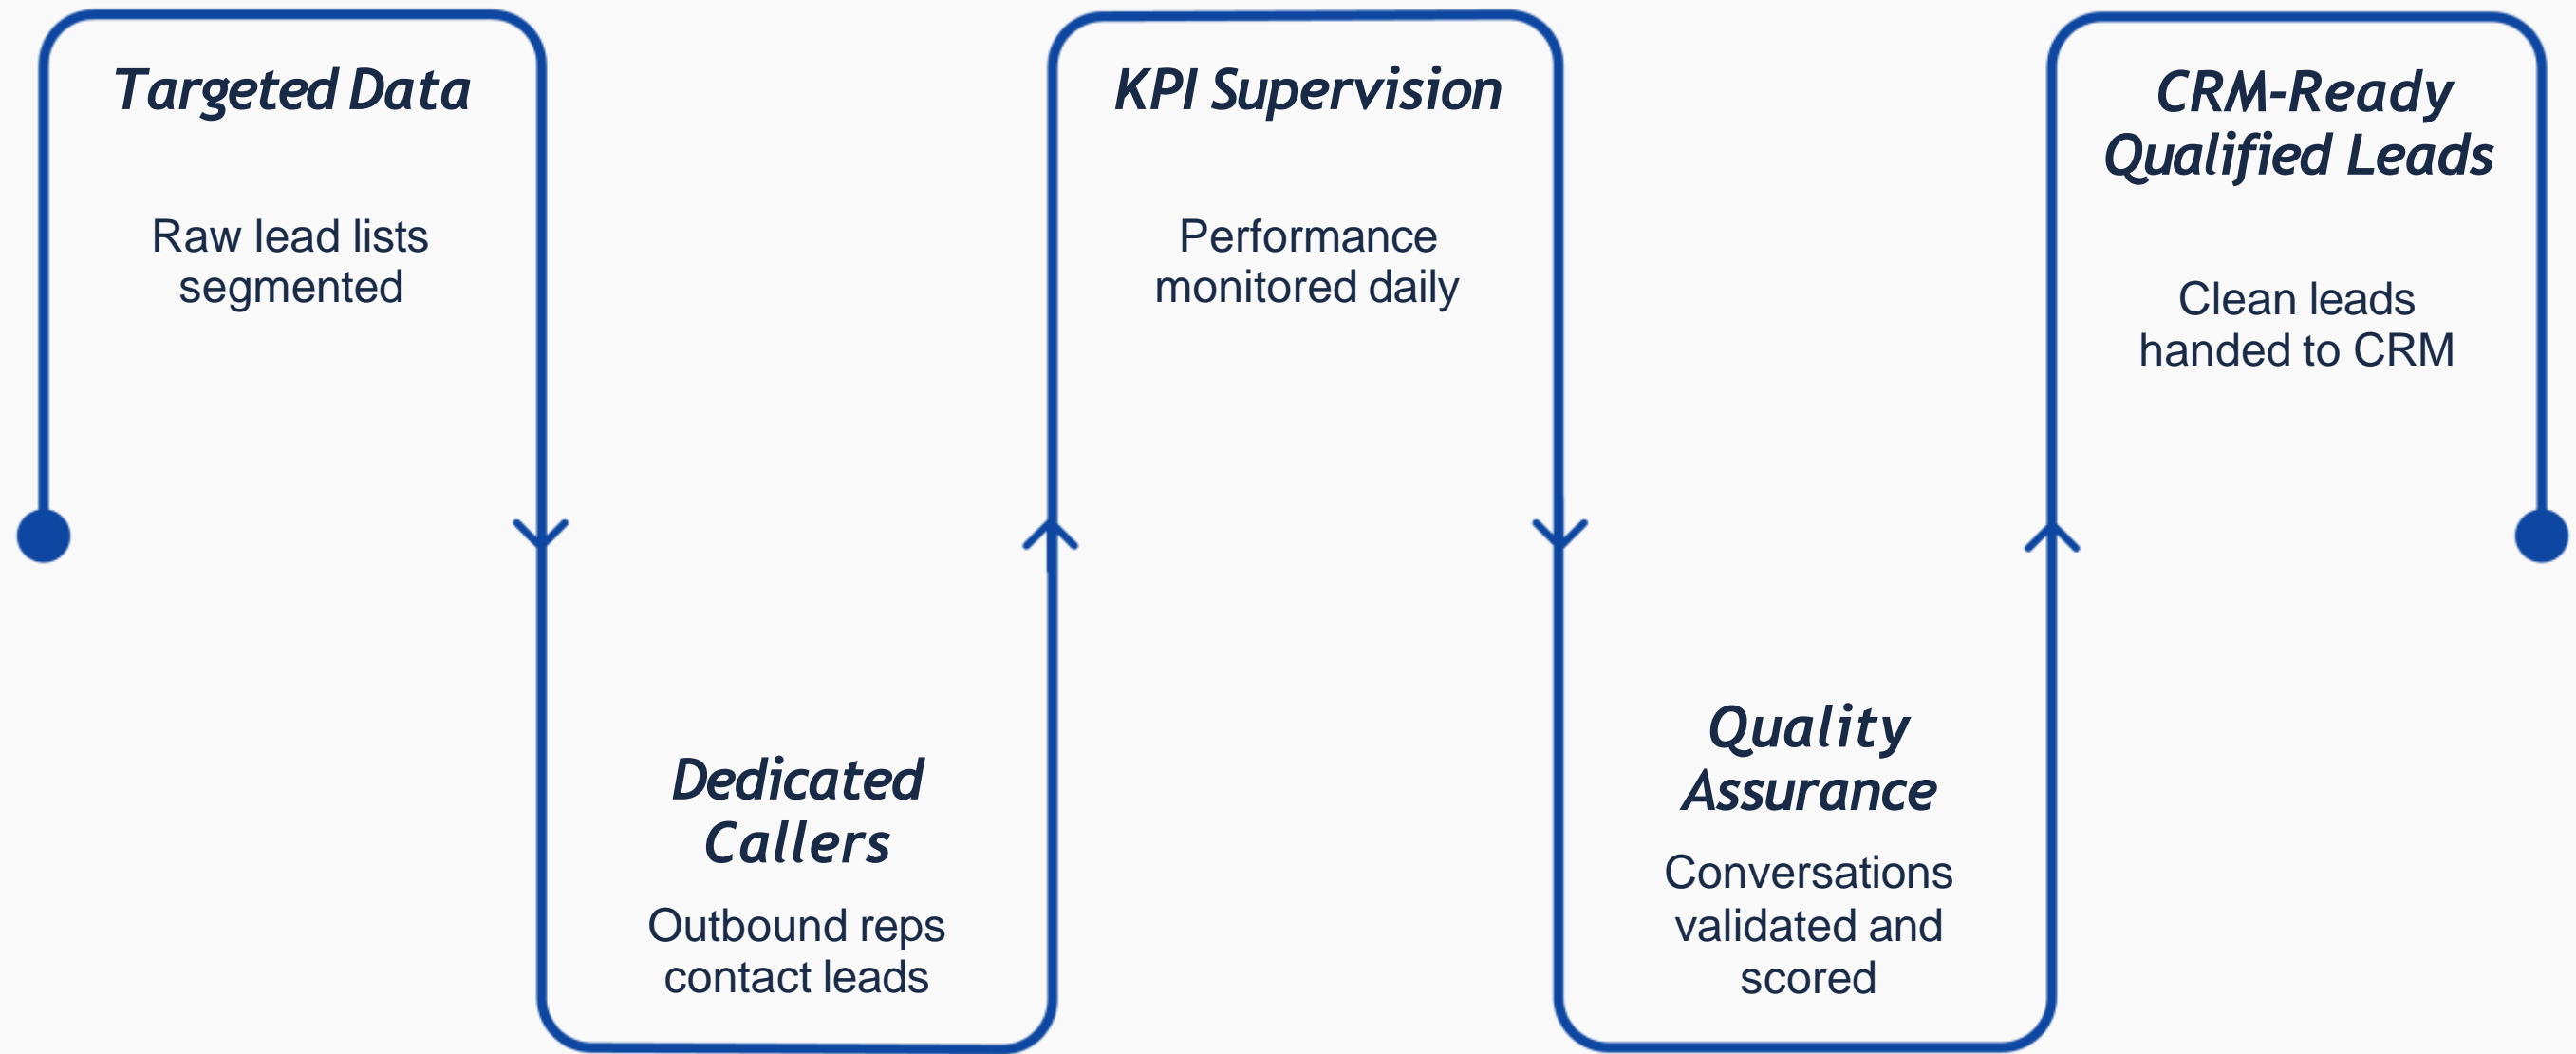

Inconsistent Lead Flow

Unpredictable pipeline with no reliability

 **Most investors hire callers. We build infrastructure.**

The HBS Outbound System

A fully managed end-to-end pipeline — from raw data to CRM-ready qualified leads.

Every stage is owned, monitored, and optimized by HBS — so nothing falls through the cracks.

Prove the model with one dedicated seat

6 Seats

Expand to a full managed outbound team

Multi-Seat Model

Scale to any size with the same infrastructure

Client Feedback

"High Business Solutions The best call center I've ever hired. Gets me hot leads. Very affordable and fluent English callers"

— **Vinny Solis, Founder & CEO**

Not a Freelancer. Not a VA.

HBS is a fully managed outbound infrastructure — we own the entire operation, so you don't have to.
